THE GERMAN STRIKES.
STRIKERS OVERAWED BY
THREATS.
London, Feb. 4.
It is very difficult to obtain an
accurate view of the German strike
situation, but it appears, for the
moment, that the threats of calling
in the strikers had the desired effect
and work is gradually being resumed.
The Commander of Berlin threat-
ens offenders with a year's imprison-
ment for any further participation
in the direction of a strike.

STRIKES AT TRIESTE.
Amsterdam, Feb. 4.
A telegram from Trieste an-
nounces that the shipyard and factory
workers, struck yesterday, but re-
sumed work today, after interview-
ing the Governor.

**THE SUPREME WAR
COUNCIL.**
London, Feb. 4.
General satisfaction is expressed
at the result of the Versailles Con-
ference.
M. Clemenceau, who presided
throughout the Conference, in an
interview said: "For four days we
worked and argued and the last day
was decisive, when even the most
delicate points were settled."
Paris, Feb. 4.
The Versailles Conference rose
yesterday afternoon.
The Petit Parisien says that Lord
Milner will remain in Paris and will
confer with M. Clemenceau to-day,
concerning food supplies.
The Echo de Paris states that a
clear understanding has been attained
as to what it is necessary to do
to meet the forthcoming German
attack.

**THE ORGANISATION AT
VERSAILLES.**
The Council has at Versailles a
permanent Staff which maintains the
continuity of liaison and work and is
thus able to maintain direct personal
contact between the heads of the
Governments. This is really the
basis of the idea behind the concep-
tion of a Supreme War Council.
Each Power has at Versailles a body
of permanent military representa-
tives, each with a Staff of subordi-
nate officers. These military repre-
sentatives arrange and collate in-
formation supplied by the various
General Staffs and other military
departments and suggest the broad
lines on which this information may
be utilized by the War Council.

**EXPLOSION AT A FRENCH
MUNITION WORKS.**
Paris, Feb. 4.
Ten people were killed and 80
injured in an explosion, followed
by a fire, at a munitions works at
Moulins.
Serious damage was done but an
adjacent powder magazine was saved.
THE SILVER MARKET.
London, Feb. 4.
The Silver Market is quiet.

THE MAN-POWER PROPOSAL.
THE ATTITUDE OF THE
ENGINEERS' SOCIETY.
London, Feb. 2.
Mr. Henderson's communication,
to which the official reply was cabled
yesterday, urged the Government to
abandon its refusal to meet the
Amalgamated Society of Engineers
separately from the National Labour
Conference in order to discuss the
new man-power proposals. The
Engineers' Society declined to consider the
proposals, unless this preferential
treatment, which was previously
accorded, was repeated; hence the
deadlock.

[The official reply controverted Mr.
Henderson's claim that the Government
admitted the engineers' claim for separate
treatment and stated: "It is necessary to
realise that this is not a difference be-
tween the Government and one or more
unions, but between the unions them-
selves. It is well known that other
unions resented the Government's meet-
ing the Amalgamated Engineers' Society
separately if the other unions agree. No
question of procedure arises about the
man-power issue. In order to maintain
the armies in the field 50 men must be
withdrawn from munitions. Dilemma
alone are insufficient to provide the neces-
sary number."

EARLIER TELEGRAMS.

THE STRIKES IN GERMANY.
"EVERYWHERE HAVING."
Amsterdam, Feb. 3.
A Berlin semi-official telegram dated
Feb. 3 states: "The strikes everywhere
are waning and the number of strikers
has considerably diminished, especially
at the smaller munitions works where
full staffs are working in many cases.
Well informed people assume that the
strike will be entirely ended by Monday."
Whilst the military proclamations
apparently had some effect in Berlin the
papers report further disturbances in
Berlin on Feb. 1. Trams were stopped,
their windows broken, the lines and
overhead wires damaged and tram
employees assaulted, while the principal
workshops of the Tram Company had to
be closed. Strong forces of police
used their sabres against the strikers
and dispersed strikers attempting to
hold meetings at Treptow and arrested
many ringleaders.
It is reported that 150 were arrested
in Berlin last week and special court
martial began sittings.

**POLITICAL RESISTANCE TO BE
SMASHED.**
Amsterdam, Feb. 3.
The Hamburg Fremdenblatt says:
The strike has broken out at all the
industrial works in Liebeck.
Other German papers report that the
strikes have ended at Cologne, Cassel,
Breslau, Leipzig and Ludwigshafen but
have extended to Dresden.
Troops prevented a demonstration
before the Royal Palace at Munich and
arrested a number of Bavarian strike
leaders.
A proclamation by the General Com-
manding at Munster declares that
extensive propaganda based on the
idea of the Russian revolution has
resulted in some sections of the popu-
lation acting treacherously against the
Fatherland and declares that political
resistance will be smashed.

THE EAST AFRICAN CAMPAIGN.
POSITIONS OCCUPIED.
London, Feb. 3.
An official message from East Africa
states:—
The Cape coloured corps have occupied
Nwenbe unopposed and pursued the
enemy to Marikwa.
We seized Fikani, Hilly, forty-five
miles inland, at Port Amelia, capturing
thirty tons of food. Later we de-
feated the enemy at Marikwa.

ALLIES FINANCE AND INDUSTRY.

AMERICAN CO-ORDINATION SCHEME.

WASHINGTON, Dec. 11.

Equally as important in winning the

war as co-ordinated military effort, in the

belief of the American Government, is

unification of the Allied financial and

industrial resources. This is now being

carried out through the establishment of

an Economic Section of the Inter-Allied

War Council, with its headquarters in

London, and with Mr. Oscar T. Crosby,

Assistant Secretary of the Treasury, as

American representative and as a channel

of communication between the Allied

Governments and the American Treasury

and the Council of National Defence

controlling manufacturing.

Since the United States entered the

war it has advanced to its Allies such

sums from time to time as their require-

ments made necessary. England, France,

Italy, and, until recently, Russia, making

their own arrangements, and each Govern-

ment acting independently of the others.

In the same way contracts were placed

for munitions and other supplies in this

country. At the time when the announce-

ment of the House Mission was first made

in the "Morning Post," it was said that

it was the judgment of American officials

that the financial and industrial require-

ments of all the Allies, including those

of the United States, ought properly to

be considered as a whole, and not piec-

emeal. Mr. Crosby, as Financial Secretary

of the Treasury, through whose hands

passed all the various American negotia-

tions and the requisitions of the spending

departments of his own Government,

quickly saw the necessity of this co-

ordination; and it does no harm to say

now that it was largely owing to the

representations made by him to the Secre-

tary of the Treasury and to the President

that the economic section of the Inter-

Allied War Council has been established.

LOOKS TO THE ALLIES.

One of its most important functions I

through Mr. Crosby, for the information

and action of the Secretary of the Treas-

ury. The same system will be followed

in regard to the industrial requirements

of the Allied Governments, so that the

resources of the United States can be

used for the greatest advantage of the

four nations carrying on war against Ger-

many. In brief, it is virtually a co-

ordination of the financial and industrial

resources of the European Allies and of

the United States, the co-ordination

including munitions, food, and shipping,

while the Council of National Defence

will determine priority in the placing of

orders, thus eliminating competition and

using the productive force of the United

States in the most scientific manner.

PRO-GERMAN "NEUTRAL" STATES.

The Washington Government is deal-

ing firmly with the so-called neutral

countries under German influence, and

has courageously made its position known.

Recently the Merchants' Association of

New York made application to the War

Trade Bureau for a licence to export

newsprint paper to Venezuela, and in

refusing the licence the Bureau gave these

reasons:—"The unfriendly attitude of

the Government of Venezuela towards

this nation and our Allies, as shown by

the recent suppression of all newspapers

printed in that country except those pro-

German papers which are now engaged in

a campaign to discredit and damage our

commercial interests, prompts us to refuse

licences to export paper to Venezuela.

We appreciate fully the desire of your

very useful Association to promote and

foster the export trade of our country,

and while the policy of this Board is to

be fair to all exporters yet we cannot

permit newsprint paper to go to an

unfriendly nation to be used for the

purpose of vilification and to damage our

commercial interests in Venezuela or

other South American countries." Ger-

man propaganda in Venezuela will be

curtailed in consequence of this inability

to secure paper, as also in Argentina,

where the German Government has found

and is now supporting newspapers to

disseminate German poison.

INTERNED ENEMY MERCHANT SHIPS.

The "New York Times" regrets that

the interned German merchant ships in

South American ports have not been

placed in Allied trade. There are some

200 of these vessels—45 in Brazilian har-

bours, 80 in Chile, 15 in Argentina, and

the remainder in other jurisdictions.

Vessels in Brazilian waters have been put

in trade, 30 of them having been lent to

France, but the others remain tied up

and serve no useful purpose. The "New

York Times" thinks that every effort in

The material odds are on the side of the Allies; their cause is just, and their war aims commend themselves as worth the continued struggle. The determination of the Allied people finds constant inspiration in the obvious fact that the peace of the world cannot be assured except upon the basis formulated by the Allies. HINDENBURG told his interviewer: "If for some time yet we maintain our strength and exercise patience, we shall carry it to a good end." It is becoming obvious that Germany's patience as well as her strength is failing. The Germans have recently called up class 1920—lads who are not yet eighteen, while even the French have not yet called up any of class 1918. The serious strike epidemic, which the most severe military measures scarcely serve to subdue, is eloquent evidence of Germany's loss of "patience." Germany's hope of victory lies entirely in the "U" boat campaign, and we have the word of the British First Lord of the Admiralty for it that "the submarine is held." A survey of the war situation gives every hope of the war ending this year in victory for the Allies.

NEWS OF THE DAY.

LOCAL AND GENERAL.

Mr. G. P. de Martin will deliver a lecture at the Helena May Institute on Friday the 8th inst., at 5.30 p.m. Subject, "Lorenzo di Medici." The lecture is open to members and their gentlemen friends.

An interesting and instructive paper on Ancient and Modern Road Construction, read before the Engineering Society of the Hongkong University on the 22nd ult. by Mr. H. E. Goldsmith of the Public Works Department, has been published in pamphlet form.

The fortnightly meeting of the Union Church Guild will be held in the Lecture Hall, Kennedy Road, tomorrow at 8 p.m. when a lecture will be delivered by Mr. M. Manu, the subject being "Man—his nature, his powers and his responsibilities." The lecture is open to the public.

Six cases of diphtheria (two fatal) and six cases of enteric fever (two fatal) were notified to the Medical Officer of Health last week. Only one case of each disease occurred in the city of Victoria. Of the enteric fever cases one was British, two Chinese and the rest Dutch. Of the diphtheria cases one was Portuguese and the rest Chinese. There were also two Chinese cases of small pox, one fatal.

Mr. Denman Fuller hopes to give a selection from the "Elijah" in the Cathedral on Good Friday when a collection will be made in aid of certain War Funds. Practices will be held in the Cathedral on Thursdays commencing on February 14th at 6 p.m. and he will be glad to hear as soon as possible from any willing to assist. The selection to be given comprises several numbers not given last year.

The body of a Chinese hawkler aged 30, was sent to the Public Mortuary yesterday. Death was the result of poisoning. It is said that the deceased and two companions partook of some poisonous fish and vegetables the previous evening, and they all became sick. One was sent to the Government Civil Hospital and is now reported to be out of danger. There seems to be no suspicious circumstance about the case.

The death occurred last week in Shanghai of Mr. W. D. Graham, who had been connected with insurance interests in the Far East since 1888. He became the manager for the Far East of the Sun Insurance Office in 1904, a position which he held at the time of his death. Mr. Graham had been in failing health for some time past. He leaves a widow and a daughter at Shanghai and a son who is at home at school.

The General Post Office arrangements for the Chinese New Year Holidays are as follows:—Monday, the 11th inst. being Chinese New Year Day, the Post Office will be entirely closed. There will be no delivery or collection of correspondence from the Pillar Boxes. Non-boxholders may, however, obtain their ordinary correspondence on application at the enquiry counter at the South-west end of the Building. On Tuesday, the 12th inst., the Post Office will be open from 8 to 9 a.m. and there will be one delivery and one collection of ordinary letters on Sunday. The Money Order Office will be entirely closed.

SAIYINGPUN SCHOOL.

ANNUAL PRIZE DISTRIBUTION.

The annual prize distribution of the Saiyungpun School took place to-day at noon.

The Hall of the School was profusely decorated with flags, palms, and fancy shades over the lights, presenting a very pretty scene.

There was a good attendance of the parents and friends of the pupils and practically all the scholars were present.

The day was marked by the fact that it completed a record year for the School in attendance, and over 80 scholars were the recipients of silver medals, suitably inscribed, for full attendance during the year.

The School now contains 440 scholars. The Education Committee has recommended a reduction of the number by about 25 per cent. owing to inadequate accommodation.

A guard of honour, consisting of the Saiyungpun Section of the St. John Ambulance Brigade, under Mr. Roy, came smartly to attention on the arrival of the Hon. Mr. Claud Severn, C.M.G., who distributed the prizes.

On the platform were the Hon. Mr. Claud Severn, C.M.G., Sir Charles Elliot, K.C.M.G., Mr. A. Morris, Headmaster of the school, Mr. E. Ralphs, Inspector of Schools, Major Morgan and Mr. Ho Kom Tong, the donor of the Scholarships last year.

The ceremonies were opened by a recitation by two diminutive Chinese scholars, which was very well delivered and much applauded.

The Headmaster then read the Report as follows:—

THE REPORT.

The Maximum Enrolment was 474 (409 in 1917).
The Minimum Enrolment was 315 (293 in 1917).
Average attendance was 403 (349 in 1917).

The School retains its popularity and the Chinese parents have a large number of applicants had to be refused admission, in consequence of lack of accommodation. During the year no less than 80 boys have made the maximum number of attendances.

The discipline of the School is excellent and the work done is highly satisfactory. Reading and conversation are good throughout, but especially so in the lowest classes, where "beginners" receive the chief instruction in English from an English mistress, Mrs. Morris. Handwriting is particularly good throughout the School, the special attention devoted to this subject being apparent in all classes. In the Arithmetic papers also, neatness and good arrangement were noticeable throughout.

Object Lessons have been intelligently given. In all classes good sketch maps were drawn in connection with the Geography papers.

In Class A—taught in two Divisions, there were a few weak papers in Arithmetic, in both Divisions. With this exception the Class did excellent work.

In Class B—two Divisions—the work was very good, except in Arithmetic and Geography in the B Division.

In Class C—taught in three Divisions, the third consisting of newly admitted boys. The A Division did very well throughout. The B Division was weak in Arithmetic. The O'Donoghue's Mid-Term Examination did highly creditable work.

Class F, in three Divisions, two consisting of newly admitted boys, showed very good results in all subjects.

Class G was very good, although there was a tendency to weakness in Arithmetic.

The "Beginners' Class," taught in three Divisions, where English is taught with great success.

The members of the Education Committee paid several visits to the school during April and May, and expressed great satisfaction with the work done.

Mr. Fomsonby-Pane, one of the members, wrote "The relations of the Headmaster and scholars appeared to be particularly happy at Saiyungpun School."

The names of three old pupils appear in recent University Lists, one as having passed the Matriculation Examination and two as having qualified for the Intermediate Examination.

The "social" life of the school has been well maintained. Chess has been in the charge of Mr. Roy who has raised the players to a high state of efficiency.

The School Team won the Hongkong School Chess League which was presented by the Hon. Mr. H. E. Pollock, K.C., at a function in July.

The library recently enlarged, now contains about 800 volumes, and is well patronized. Funds for the additional books and for the School Bugle Band were subscribed by a number of Chinese gentlemen. The Bugle Band is attached to the Saiyungpun Division of the St. John Ambulance Brigade. The Division, consisting of 100 and 150 pupils, is supported financially by Mr. Ho Kom Tong; it is thoroughly efficient, and is furnished with the latest equipment.

being frequently requisitioned at public functions and entertainments. Football and Valley Ball continue to flourish. Swimming is indulged in throughout the summer; twice a week the boys go out in steam-launches to Stonecutters. It is noteworthy that a large number of boys even in the lower classes are now able to swim, and at the Annual Ambulance Brigade Aquatic Sports the Saiyungpun Division carried off one Championship. The usual picnics and excursions were held.

The Literature on the War supplied by the Chinese Chamber of Commerce has been distributed to the pupils and the pictures displayed for general information.

In September Mr. Mok Kow-sang presented to the School two Scholarships, each of the value of \$50 for one year, for Classes 7 and 8 respectively.

Our thanks are due to—Mr. L. H. Kwan, Kwock Siu-lan, Chan I-tai, Wang Kam-luk, Chan U to Sir Ellis Kadoorie, Mr. Ho Leung, Lo Shiu-wan, Choy Hing Ip Sau chi, Dr. Wan Man-lai, The Sun Co., for donations to the Library and Bugle Band.

Subscribers to Prize Fund: To—Sir Robt. and Lady Ho Tung, Hon. Mr. Lau Chiu-pak, Hon. Mr. Ho Fook, Messrs. Lo Shun-wan, Wong Kam-luk, Cheung Kun-hing, Cheung I-sang, Ko Wan-kam, Chan Kai-sing, Ip Sau chi, Ho Lu, Ho Leung, Ho Wing, Ho Ki, Ho Kwong, Ho Shai-wa, Lo Cheung-shui, Mr. and Mrs. R. H. Kotelwall, Messrs. Ho Shai-kit, Li Pok-wai, M. K. Lo, Simon Tse-yun, Choy Cheung, and Pang Lim-cho, Li Ping, Lung Chao-sun; for Class prizes to: Messrs. Kelly & Walsh, Lees Whyte Stevens, Mr. H. W. Ray.

For Flags we are indebted to Com. Beckwith and Messrs. A. Lung; for Palms to the B. and F. Dept. and for Chains to the University.

Another recitation followed, given very nicely by one of the younger scholars.

The Hon. Mr. CLAUD SEVERN then distributed the prizes after which another pupil gave a recitation which was heartily applauded.

dard had been well maintained. It was a most efficient school and deservedly popular among the Chinese. The site was cramped and it was wonderful how much work was got through on the small site. He said the Chinese were fond of the school, and it was shown how much they appreciated the teaching they got there when they saw eighty boys before them who had not missed a single day's attendance, during the past year. (Applause.) He thought it was a happy idea, both last year and the present year, to give to each of these boys some small token to remind them of their very punctual attendance. He was sure all the scholars of Saiyungpun School went there willingly and many others would like to go there if there was room. He never liked to commit the Government to anything, so he would say nothing more about that. The school was especially fortunate in having the continual guidance, year by year, of Mr. and Mrs. Morris. Their careful and sympathetic work had had a wonderful result, and during the past year they had also had a great help in Mr. Roy, who had shown great keenness in the social side of the School and also in directing the energies of the Saiyungpun Detachment of the St. John Ambulance Brigade. Mention had been made in the report of the great success achieved by the Saiyungpun Division of the St. John Ambulance Brigade. He had witnessed their exhibitions and their demonstrations on two "Our Days," in 1916, and 1917, and on one field day, somewhere out near the Kowloon Hills. He was told off as a casualty early in the proceedings, perhaps not a happy one for the Saiyungpun Division. They set to work and put him on an ambulance. He was supposed to have sustained a broken leg. He was got on a stretcher and carried for some distance, and he was nearly upset. (Laughter.) He really thought he was going to become a real casualty. He did not know whether there were any members of that body present. He thought possibly they had gone to another place. (Laughter.) At any rate, he was very grateful to them as he had to be a casualty—could not help being a casualty—and he was very glad to have been in such good hands. He was sure also that the Government was very grateful for the work done by the Saiyungpun Division of the St. John Ambulance Brigade during the outbreak of small pox. They had heard of how the school had excelled in the different branches of athletics and of the Challenge Cup they had won for swimming, which showed that very great progress had been made. He thought all schools were realizing the importance of teaching their pupils to swim, which must have a very beneficial effect on the lives of the scholars. He was very glad to see Mr. Ho Kom Tong there. He continued to take a great interest in the School and was also very enthusiastic in connection with the Saiyungpun Division of the St. John Ambulance Brigade. He would also remind them that they had the honour of the presence of Sir Charles Elliot, whom he was sure, whilst he had sitting there, was on the look-out for future undergraduates of the University. Sir Charles overlooked them from the hill and he took a great interest in their work. He wished them a happy New Year, congratulated them most heartily on the successful past year and trusted they would spend pleasant holidays and a prosperous new year ahead of them.

Mr. Ho Kom Tong then addressed the scholars in Chinese, saying that in addition to the fact of their having the honour of the presence of the Hon. Mr. Claud Severn, they were further honoured by the presence of Sir Charles Elliot, the Vice-Chancellor of the University. He advised them all to keep their minds on their work so that some day they might be under the care of Sir Charles Elliot at the University and become undergraduates.

Cheers were then given for Mr. Claud Severn, the visitors, Mr. and Mrs. Morris and Mr. Ho Kom Tong, after which the ceremonies concluded.

CHINA'S SALT REVENUE IN 1917.

The net salt revenue paid into the Orlop Bank during 1917 was \$70,837,549, a decrease of \$5,912,310 as compared with 1916 but an increase of \$1,247,112 as compared with 1915. All the obligations secured on the Salt Gabelle were met in full and the surplus released in 1917 amounted to \$69,512,370.

ADMIRAL KATO GIVES A DINNER AT YLADIVOSTOK.

A Russian message from Tokyo says: "A message from Vladivostok states that on the 24th January Admiral Kato gave a dinner at the Japanese Consulate General to which over seventy Russian officials, civil and military, were invited. The Chief Commander was not present. Prominent foreigners and Japanese in Vladivostok were also invited. The hosts' cordial feelings prevailed throughout, the intelligent class of Russians welcoming and appreciating the presence of the Japanese warships."

ELLIS KADOORIE SCHOOL FOR INDIANS.

The prizes at this school were given away by Sir Ellis Kadoorie on Monday February 4th. The Head Master, Mr. R. J. Birbeck read the following report.

SCHOOL YEAR 1916-1917.

During the year the School was open on 228 days, the average attendance being 74. The highest number on the roll was 82 in May, and the lowest 47 September. The average attendance for the previous year was 49, and this increase in the numbers is going on steadily, which is very satisfactory as the fees have been increased from \$1 a month to \$2.

In the half-yearly and annual examinations 78 boys were examined, of whom 45 passed or 58%. This low percentage was caused by class 6, which have been put into two divisions on June 1st, 18th 84, and 17th 84, of these 36 boys only 10 passed. This was due to the fact that they were very young boys who had lately come to the school and knew nothing. However, a great improvement has taken place since they have been divided into two classes, as the results of the present year will show. Classes 4, 5, 6, 7 were examined by the Head Master in colloquial, reading, and recitation. Reading and recitation were quiet, good and colloquial was better at the annual examination. In classes 4 and 5 the composition was poor, and in class 6 only half the boys passed in dictation. There is a tendency towards untidiness in written work several of the classes.

In Urdu Mr. Bihari Singh reports that the Upper Classes are satisfactory but that the new boys are very poor, which can be accounted for by many of them talking Chinese in their homes. We considered that our team was too small to enter for the Football League, but we have played friendly matches with Victoria British School and Junior teams from Wazirpur, as well as class matches.

One tennis court has been available since March and has been played on regularly. Mr. C. S. Bhatnagar kindly collected \$88.00, which enabled us to buy the necessary nets etc. A tournament among the boys was played and several matches with other schools.

A waste piece of ground south of the school has been turned into a garden and supplies a useful amusement for about 30 of the boys, who have small pieces in which they can grow whatever they like. The Indian Masters have taken a great interest in it, and its success is due in a great measure to Mr. Bihari Singh.

A small increase has been made in the library and we have now between 55 and 60 books, which are taken out regularly.

Drill is taken by all the Masters, and each class has two drills a week.

The staff has remained the same with the addition of Mr. Pan A. Chin, who joined the staff on June 1st, and has taken Class 8 B.

The general health of the boys has been very good and little leave has been asked for on account of sickness—this is only natural as this school is in a healthier situation than most in the Colony.

The discipline and general behaviour of the boys is better, particularly in Class 8 B, but there is still room for improvement.

The thanks of the school are due to Sir Ellis Kadoorie and Mr. Arundel, who not only have paid a considerable amount of money for the school fees of poor boys, but have also sent presents of plants and flowers for the boys' gardens.

I should like to express my appreciation of the various ways in which all the Masters of this school have helped and shared in the boys' amusements.

Prizes List.

Class 4—1st Class Prize, Prize for Composition and Prize for Urdu, Abdullah Bhat; 2nd Class Prize, Chaman Singh.

Class 5—1st Class Prize and Prize for Composition, Jermia Nisam; 2nd Class Prize, Khwaja Mohamed; Prize for Urdu Mohamed Hussain.
